

## **Research Internship**

### **Federal Reserve Bank of St. Louis**

The Federal Reserve Bank of St. Louis has an Internship position that will give you an opportunity to learn about economics in the United States through the perspective of the Federal Reserve System.

This position will be responsible for collecting relevant information from financial analyst reports.

Various duties will include:

- Reading financial analyst reports on fixed income securities.
- Building a database of analyst profiles, recommendations, and ratings.
- Writing summary reports on search methodology and reporting trends.

#### **Qualifications/Skills**

- Candidate for Bachelor's degree in Economics or Finance.
- Junior or Senior standing
- Minimum of 3.0 GPA
- Ability to work independently is essential.
- Interest in financial markets is a plus.
- Detail-oriented, strong oral and written communication skills required.
- Experience with Microsoft Excel.

Interested applicants may submit a cover letter, resume and a copy of their unofficial transcript(s).
